Update: April 18, 2022

A walk that takes you from Viviers-sur-Artaut to Loches-sur-Ource and close to Essoyes and returns via ferme du Signal (Signal farm) and the view point. This walk gives you a great insight into the extent of

the vineyards, and grape production, in our region and demonstrates the different methods used to cultivate the vines.

Walk from la Maison en Champagne, up through the vineyards opposite the house and across the plain to the spectacular view across the Ource valley. Descend into the valley toward Loches-sur-Ource and through toward Essoyes. Return toward Viviers-sur-Artaut, with great views of Loches-sur-Ource and Essoyes in the distance. Make the high climb to la ferme du Signal (340m) before returning to la Maison en Champagne via the beautiful point de vue.

Safety information

This is quite an exposed walk, so ensure plenty of water and sun protection on a hot day. On a cold day it can be windy at the top.
